WHAT CISOs GRAPPLE WITH TODAY!

Industry Challenges

They struggle to have a UNIFIED VIEW of all their assets.

They fight to COMPLY with governing agencies all the time.

They struggle to QUANTIFY the risk to their Boards; hence they always find budgets to be a constraint.

They do not have a view of the CYBER AWARENESS of their employees.

SHORT INTRODUCTION

Synoptiq was born to help CISOs overcome their daily challenges

Born during the pandemic in early 2020 and well-sustained

Added more than 50 customers in a short time for various solutions

Our speciality is to come in as a collective for solutions that we don't have skills
